Most major pharmaceutical (drug) manufacturers offer Patient Assistance Programs (PAPs) and medication Assistance Programs (MAPs) to provide prescription medications to those who otherwise cannot afford them. The Duval County Health Dept (DCHD) Pharmacy will help patients complete the necessary forms and eligibility information for these programs. Once a completed form has been signed by your physician, the Pharmacy staff will submit it on your behalf. Upon approval of the application, medications may be picked up at the DCHD Pharmacy.

NUEVO PROGRAMA DE ASISTENCIA DE MEDICINA

Más de 108 millones de adultos y niños de escasos recursos tienen acceso a una nueva y fácil forma de obtener medicamentos a un precio más razonable. Rx Outreach, el primer programa nacional de asistencia para obtener medicamentos recetados, con más de 50 medicinas genéricas disponibles, aprobadas por la Administración de Alimentos y Drogas, con el fin de asistir a pacientes que sufren trastornos como diabetes, asma, alta presión sanguínea, cáncer del seno o depression. Este programa es para ayudar a millones de personas que cada día toman la difícil decisión de escoger entre pagar sus medicamentos o pagar otros artículos necesarios e importantes, como la comida o el alquiler. Además es una manera segura, de precios razonables, para que los pacientes que carecen de seguro o tienen cobertura insuficiente, reciban los medicamentos que necesitan.

El programa provee tres beneficios claves:

1 Medicamentos a un precio razonable, cancelando apenas \$18 para un suministro de tres meses o \$30 para un suministro de seis meses. El precio es el mismo independientemente del tipo de medicamento solicitado. No hay cuotas de afiliación, contratos, ni costos adicionales por usar el servicio. Para los consumidores que se ven obligados a pagar en efectivo el costo total de sus medicamentos genéricos, se ofrece ahorros significativos. Sin su acceso, los consumidores pagarían un promedio de \$100 por un suministro de 90 días de medicamento, mientras que para algunos productos el costo podría elevarse hasta \$400 si no es usuario del programa.

2. Requisitos de ingresos que permiten a más personas salir beneficiados. Dependiendo del tamaño de la familia, el requisito de ingresos puede variar entre \$23,275 para una sola persona hasta 63,000 para una familia de seis. No hay límite máximo para el programa mientras los ingresos de la familia se mantengan dentro del límite específico para el tamaño de la misma.

3. Un proceso de inscripción fácil. Se pide a los participantes que informen el nivel de sus ingresos, pero no requiere ver las declaraciones de los impuestos, formularios w2, ni ningún otro tipo de documento financiero para verificar los ingresos.

El programa ha seleccionado 30 áreas metropolitanas para concentrar sus esfuerzos en identificar a las personas que puedan ser beneficiadas. Rx Outreach está administrado por Express Scripts Specialty Distribution Services, Inc. Una farmacia localizada en los Estados Unidos, cuyos registros presentan el mayor administrador de Programas de Asistencia al Paciente en la nación. Más de 1.5 millones de pacientes obtienen los medicamentos que necesitan. Para obtener más información sobre el programa llame al 1-800-769-3880 o visite <http://www.rxoutreach.com/>
